

READY FOR THE NEXT DISASTER? WE ARE.

It's crucial – your business must be up and running without interruption 24/7. NYI can help you protect each area of your IT operations with our enterprise-grade Disaster Recovery and Business Continuity planning services. With our high availability colocation and cloud-based geographic diversity, your mission- and business-critical operations are always protected and always available, no matter what type of disaster strikes.

THE AVERAGE COST PER MINUTE OF UNPLANNED DOWNTIME IS \$7,900.¹

Don't be caught off guard. Whether your business requires a DR site, secondary site, or a worksite recovery site, NYI can augment your disaster recovery plan so your employees have a safe, fully redundant facility in which to continue operations. NYI can make sure you have an optimal configuration to protect your data and ensure your recovery is seamless.

"After Superstorm Sandy hit, we engaged in a rapid search for a provider that would have our company's needs and interests in mind. Within less than 24 hours, NYI provided us with space, power and bandwidth, and facilitated our equipment move, getting us back online without a hitch."

—Tom Lynch, President of PeekYou, the web's leading free people search engine that serves over 6 million monthly visitors.

HIGH AVAILABILITY COLOCATION

We've invested heavily to make sure we have the fully redundant power, cooling and security infrastructure needed to ensure you get the 100% uptime you expect for your business.

At NYI, colocation means a predictable infrastructure managed by a team of experienced tech professionals. You get fully redundant, world-class facilities, unparalleled flexibility and scalable solutions, with deployment turnaround times that are unmatched in our industry.

All datacenters are owned and operated by NYI, which allows for rapid deployments and other highly customized offerings in addition to instant accountability. NYI has direct access to all of its environmental and power systems so no delays in ensuring maximum uptime for clients.

For added insurance and protection, NYI also offers a Business Recovery Center so your employees can continue to work in the event of office downtime and network outages.

NYI BUSINESS RECOVERY CENTER OFFERS:

- Guaranteed desk, seat, phone, computer and Internet access as part of a monthly per seat fee
- Office space with seating for up to 60 people
- Robust connectivity for voice, Internet and data transmission
- Secure connections to allow employees to work from home

By combining NYI's burstable cloud you can instantly scale as needed in times of disaster, ensuring you never miss a beat. By leveraging our private cloud solution in combination with our secure infrastructure, you can reduce risk of data loss and enable rapid data backup and recovery.

Contact NYI today and see how our team of on-site experts can help you plan for the worst with our world-class facilities, unparalleled flexibility and scalable solutions, and deployment turnaround times that are unmatched in our industry.
